## Does your child need support to access pre-school?

AIM supports can help your child reach their full potential.

The **Access and Inclusion Model (AIM)** is a model of supports designed to promote inclusion and to ensure that children with disabilities can meaningfully participate in the **Early Childhood Care and Education (ECCE)** free pre-school programme in mainstream pre-school settings.

AIM is a child-centred model, offering a range of universal and targeted supports. It offers tailored, practical supports based on need and **does not require a formal diagnosis of disability.**
